Pack Labelling

Following our recent telephone conversations a meeting has been arranged for 10 a.m. on Wednesday, 15th January, 1992, at the TDC offices, Kew, to discuss pack labelling. Philip Morris will outline their views and their proposed programme.

As there are undoubtedly legal implications to consider, our Head of Legal Services, Jim Seddon, will be attending, and other companies may also wish their legal people to be at the meeting.

Would you please let my secretary, Heather Scallan, know who will be attending from your company. A snack lunch will be available.

Yours sincerely,

J.W. Webb
